Dear Lindsay,

I find myself constantly amazed by the awesome Rotarians in this District. There are Rotarians stepping up each and every day to address the needs in their clubs, their communities and in the world. It could cause one to think that when the new vision statement was written they were looking at District 7770. "Together, we see a world where people unite and take action to create lasting change – across the globe, in our communities and in ourselves." I am more humbled every day to be your District Governor.

February was a month of birthdays for Rotary and District 7770. Of course, February 23rd was Rotary's 115th birthday. And, we've also just celebrated the 100th birthdays of two clubs in our District. Florence and Charleston are both to be congratulated for 100 Years of Service and Fellowship. And, both clubs celebrated in style with fantastic events. What an honor it was to share in their celebrations!

As we enter March, we celebrate **Water, Sanitation and Hygiene Month** and look forward to **All Club Conference** as we close out the month.

When it comes to Water, Sanitation and Hygiene our District has been, and remains, one of the most supportive Districts in the world. We have made major impact when it comes to providing clean water to those who need it the most. We have coupled that with sanitation projects to insure that the clean water stays that way. We've partnered in projects that have helped teach good hygiene in order that those communities use their clean water to receive its best benefits. And, we've partnered to provide clean water and sanitation to schools that our District either built or helped build. Just this year we have been involved in numerous water and sanitation projects across the globe.

March is also All Club Conference month! **If you have not yet registered, what are you waiting for!?** Can you "see yourself at All Club Conference 2020?" Let me ask that another way. Can you see yourself having great fellowship with great Rotarians and friends from all across the District? Can you see yourself enjoying some great food, fun and entertainment? Can you see yourself participating in one or all three of the service projects we will be doing? Can you see yourself making a difference in the lives of people in our state and in our world? If you answered yes to any of these questions, then I look forward to "seeing you" with 2020 vision at All Club Conference 2020. Go to DACdb and register right away! (In order to participate in the meal packing project, you must sign a waiver for Rise Against Hunger. Please use the following link to sign up before the event. You can also sponsor one box for one child for one school year (\$75 each) with this link. <http://events.riseagainsthunger.org/RotaryDist7770Conf2020>)

I'm told there are 3 kinds of people in the world. Those who make things happen. Those who watch things happen. And, those who wonder "What happened?" Fortunately, you can choose which type you are. Let's all choose to be the first type and, with only 4 months left in this Rotary year, let's really make some things happen!

Happy March, Happy Spring and don't forget Daylight Savings Time as, "Rotary Connects the World!"

Johnny Moore
District 7770
District Governor 2019-2020

Together, we see a world where people unite and take action to create lasting change - across the globe, in our communities and in ourselves.
